SUMMARY:

Aspiring MERN Stack Developer skilled in MongoDB, Express.js, Next.js, and Node.js, passionate about building responsive web applications and learning new technologies.

TECHNICAL SKILLS:

- **Languages** - C, C++, JavaScript, MySQL
- **Frameworks and Libraries**: Tailwind CSS, Next js, Express js
- **Developer Tools**:Git & GitHub, VS Code, MS Office,

EDUCATION:

Dr. Ram Manohar Lohia Avadh University, Ayodhya
Bachelor of Science (Computer Science) | Sept 2021 To July 2024
CGPA - 7.1

Gopal Vidya Mandir Sr. Sec. School, Jind
Senior Secondary (XII), 2021
Percentage: 81.00%

Gopal Vidya Mandir Sr. Sec. School, Jind
High School (X), 2019
Percentage: 76.60%

PROJECT:

- SCIENCE AND TECHNOLOGY (FEB - 2024)
  National Conference on Recent Trends in Science and Technology (**NCRTST**-2024)
  Department of Information Technology **Babasaheb Bhimrao Ambedkar University**
  Research Paper: IOT based Security System for Banks using **Arduino Uno** and
  Sensors **Certificate No:** OL 029

- **Code Collab Minor Project [[Link](#)]**

  Technologies Used: MongoDB, Express.js, Next.js, Node.js.

  Description: Developed a collaborative code-contributor platform that allows multiple users to seamlessly participate in open-source code contributions in real time, fostering collaboration and enhancing productivity.
